

Changes to Argus US Products data feed effective - 8 May 2006

Following the announcement in the Argus US products report yesterday (2 May 2006), copied below:-

Due to changes in fuel specifications and regulations, Argus is altering its coverage of gasoline and blend stocks:

- Argus will be terminating its assessments for RFG (reformulated gasoline) on 5 May. This affects assessments for 87 A grade, 89 RFG, and 93 D grade in New York Waterborne, Boston Waterborne, New York Barges, US Gulf Coast Waterborne, and Colonial Pipeline.
- Argus will be terminating its assessment for New York MTBE on 5 May.
- Argus will launch an assessment for Boston Waterborne 83.7 RBOB on 8 May.

The following Argus data codes will commence on Monday 8 May 2006 in the dhp data modules
