

Changes to Argus US products report & data effective 19 October 2006

Argus is introducing two additional prices to its US products report for the Colonial pipeline diesel 61 8ppm (ULS) front cycle assessment. These will be a differential weighted average (Price type = Differential index) and an outright weighted average (Price type = index)

The data codes for these series will be:-

G-code	PA-code	Time stamp	Price type	Continuous forward	Description	Differential basis	Start Date	End Date
GPUS319WA	PA0004434	3	4	1	Diesel 61 8ppm Colonial pipeline wtd avg cycle	Nymex No 2	19-Oct-2006	
GPUS319\$A	PA0004434	3	49	1	Diesel 61 8ppm Colonial pipeline wtd avg cycle	Nymex No 2	19-Oct-2006	

Questions can be directed to the US products Editor, Matthew Wood via HoustonProducts@argusmediagroup.com +1 (713) 968-0012
