

Argus is introducing additional gasoline series on 10 April 2007 for Los Angeles, Arizona and Las Vegas.

Note: The Las Vegas series are being announced now but will not be assessed until autumn (fall) 2007 as they are winter grade gasoline only. The precise starting date for the two Las Vegas series is dependent on the Los Angeles pipeline cycles. They are scheduled to start on the 3rd September cycle (approx 15 Sept) and continue through to the 3rd cycle in March 2008 (approx 15 March). Start dates for codes are notional at this stage, marked with* in tables below.

The new codes for these data points are :-

G code	PA code	Time stamp	Price type	Continuous forward	Description	Differential basis	Start date	End date
GPUS374AL	PA0004579	3	1	1	Gasoline 87 conv fob LA month	Gasoline 85 CARBOB	10/04/2007
