

Changes to Argus European Electricity report and data effective 1st June 2007

The seasonal indices produced for Germany, France and the Netherlands will be discontinued in the report and data due to lack of liquidity, effective 1st June 2007. This change will not affect any over-the-counter assessments of the continental season contracts, which will still be produced as normal.

This will affect the following codes:

Argus legacy G-code data codes

Code	Time Stamp	Description	Price Type	Start Date	End Date
GEAFIXSZA	16:00HRS	ARGUS, ELECTRICITY,FRENCH OTC, ARGUS INDEX, SEASON-AHEAD	Index	14-Jul-2003	01-Jun-2007
