

## Changes to Argus European Electricity effective 17 Dec 2007

Argus is introducing a forward German coal spark spread (at 38% efficiency) curve for day ahead, one month, three quarters and 2 years ahead. Argus is also introducing Dutch and French coal, gas and fuel oil spark spreads for 30%, 34%, 38%, 49.13% and 55% conversion efficiencies.

The spark spreads are calculated values using prices taken from the following reports:

Argus European Electricity  
 Argus European Natural Gas  
 Argus Coal Daily International  
 Argus European Products

The new data series for this are:-

Legacy G-code series

G-code	Time stamp	Description	Price type	Start date
