

Changes to Argus US Products effective 18 May 2009

Argus is adding 84 & 90 CBOB delivered Buckeye gasoline assessments from 18 May. These will have a continuous series that switches from Summer to Winter Grade during fall and spring. The two discontinuous series for each of the Summer and Winter Grades are also added. Note the Winter grade codes announced for 18 May will not commence until fall 2009 when the Winter specification gasoline becomes available.
