

Changes to Argus European Electricity report and data feed effective 1st September 2009

In response to growing liquidity Argus is introducing an Italian OTC market with a forward curve consisting of month, quarter and year-ahead on the 1st September 2009.

A new sub category has been introduced to accommodate this change; Italy.

The CSV codes are:

G-code	PA-code	Time stamp	Price type	Continuous forward	Description	Differential basis	Start date	End date	Unit	Category
GEI68071L	PA0006807	6	1	1	Italy OTC base load month	-	01-Sep-09		Euro/MWh	->Electricity->Europe->Italy
