

Changes to Argus Crude report and data feed effective 28 September 2009

Argus will be introducing the following official formula price to the Argus Crude report and data feed effective 28 September 2009.

The CSV code is as follows:

PA-code	Time stamp	Price type	Continuous forward	Description	Diff basis	Start date	End date	Unit	Category
PA0007019	0	3	0	Dubai formula	Oman	28-Sep-09		USD/bl	->Crude->Official/Formula Price->Mideast Gulf formula

The legacy G-code data feed is unaffected by this change.
