

## Changes to Argus Biomass report and data effective 18 November 2009

Argus is introducing new USA industrial wood pellet cif terminal spot (90-day) assessments for seven US locations. For subscriber convenience, Argus is assessing these in both Argus standard metric tons and US standard short ton sizes. All prices in US Dollars.

This data is only available in CSV format data and these series are in the DABM data module.

PA-code	Time stamp	Price type	Continuos forward	Description	Differential basis	Start date	End date	Unit	Category
