

## Changes to Argus European Natural gas data files effective 1 February 2010

On 1 February 2010 Argus will begin coverage of the Peg Nord weekend contract in €/MWh and as a basis to the Belgian Zeebrugge market and the Dutch TTF. Prices will be published weekly each Friday or the last UK working day before the weekend, should a holiday fall on Friday.

At the same time, Argus will also begin publication of an everyday Peg Nord index.
