

Updated changes to Argus US Products effective 15 March 2010

Argus is introducing a 84 CBOB Laurel prompt gasoline assessment as both an outright and differential to Nymex RBOB Gasoline. In addition a summer supplemental series for 84 RBOB 6.6 RVP Laurel gasoline assessment is being added, this discontinuous series will stop at the end of summer 2010 season until Summer 2011 starts. This series will be both as outright and differential to Nymex RBOB Gasoline.

The supplemental series was intended to be CBOB, not RBOB as it is now, the Buckeye Eastern Products/Laurel Pipeline systems revised this at short notice.
