

Changes to Argus Crude Official prices and formulas effective today (17 August 2010)

Argus has re-organised the official prices in the CSV data modules to reduce the chances of data being omitted from the CSV data files when there are regional public holidays.

Moved from the DLC to the DHC data module

Code	Description	CF	TS	PT
PA0000012	Arab Heavy delivered USGC formula	0	0	3
PA0000017	Arab Heavy US formula	0	0	3
PA0000019	Arab Light delivered USGC formula	0	0	3
PA0000021	Arab Light US formula	0	0	3

PA0007725	Kuwait US formula	0	0	3
PA0007726	Berri Extra Light delivered to USGC formula	0	0	3

NOTE

These series should be continuous except for weekends and the few public holidays that coincide in Singapore, UK and USA. Data may appear in FTP files a day late if for example Argus in London covers data usually provided by Argus in Singapore, then the following working day will have two days Singapore official and formula prices.

Moved from the DLC to the DMC data module
