

Changes to Argus Base Oils report and data feed effective 1 October 2010

Argus will introduce the following US naphthenic base oil price assessments to the Base Oils report and DABOL data feed from 1 October 2010. Additional price assessments have been added for US dollars a tonne. This is an update of the previously published announcement with the code descriptions changed.

PA-code	Time Stamp	Price Type	Continuous Forward	Description	Start Date	Unit	Category	Frequency
