

**Changes to Argus Air Daily data codes effective immediately (02 Aug 2011)**

Argus is renaming two data series that have been incorrect since the codes were started.

The codes affected are

PA0004976      REC Texas voluntary half-year  
 PA0007018      REC Texas monthly index voluntary half-year

These codes were labelled

PA0004976      REC Texas **compliance** half-year  
 PA0007018      REC Texas monthly index **compliance** half-year

The 'compliance' labeling does not accurately represent the Argus Air Daily assessment for the Texas voluntary market.

The following codes in the USEmiss data file in the \DATA\DADR folder on the Argus FTP site are changed:-
