

Changes to Argus US Electricity report and data feed

Argus has ceased to publish the following series in the US Electricity report and DAUSE data module in the DAUSE FTP folder since 30 December 2011.

The Midwest Independent System Operator (MISO) removed the Cinergy power hub from 1 January 2012 and now refers to its Indiana hub, which is a distinct geographic area with its own, distinct, power fundamentals. Argus has ceased publication of price series referencing the now-obsolete Cinergy power hub at the end of 2011 and launched price series for the new Indiana power hub in 2012.

Changes to Argus US Electricity report and data feed

Argus is introducing the following series in the US Electricity report and DAUSE data module in the DAUSE FTP folder commencing 5 January 2012.

The Midwest Independent System Operator (MISO) removed the Cinergy power hub from 1 January 2012 and now refers to its Indiana hub, which is a distinct geographic area with its own, distinct, power fundamentals. Argus has ceased publication of price series referencing the now-obsolete Cinergy power hub at the end of 2011 and launched price series for the new Indiana power hub in 2012.
