

Changes to Argus Crude effective 06 January 2012

The following data codes are being renamed to follow the change in contract period from 10-21 day to 10-25 day for North Sea forward month series.

The following CSV codes are being renamed in the DLC and DMC modules, in the DCRDEASIA and DRCDEEU folders of the ftp.argusmedia.com ftp site.

PA-code	Old description	New description
PA0002281	21-day North Sea to Ice Brent (EFP) month	North Sea Forward to Ice Brent (EFP) month
PA0002654	21-day North Sea month	North Sea Forward month
PA0004229	North Sea Dated CFD 10-21day strip	North Sea Dated CFD strip

This is for all timestamps, continuous forward periods and price types

Note also that the differential basis that was “21-day North Sea” will be renamed “North Sea Forward”

Legacy g-codes in the DLC and DMC folders on the ftp.petroleumargus.com site are changing descriptions as below
