

**UPDATED: Changes to Argus Crude, effective 02 July 2012**

The discontinuation of the following codes has been moved back by a further three months to 02 July 2012

Argus will discontinue the following series and remove them from the Argus US Crude data modules (DHC, DHCA) from **02 July 2012**, the last quote being on **29 June 2012**. They are found in the DATA\DCRDEUS ftp folder. This crude will no longer be traded on a spot basis due to declining production levels.
