UPDATED: Changes to Argus Petroleum Transportation North America, effective 14 December 2012

Argus is adding a new freight rate to Argus Petroleum Transportation North America.

The following code will be added to the dptr file in the DPTR folder of ftp.argusmedia.com, effective 14 December 2012.

PA-code	Time stamp	Price type	Continuous forward	Description	Start date	Unit	Category	Frequency
PA0011644	2	8	0	Freight clean Houston - Port Everglades 25-30k	**12-Oct-12**	USD/t	**->Freight->Clean->North America**	Weekly

Historical data for this code is available on request.

The category for the following codes is being adjusted, as follows:

PA-code	Code description	Old category	New category
PA0011038	Freight clean Houston - New York 32-46k	->Freight->Dirty->North America	->Freight->Clean->North America
PA0011039	Freight clean Houston - New York 25-30k	->Freight->Dirty->North America	->Freight->Clean->North America
PA0011040	Freight clean Houston - Chile 38k	->Freight->Dirty->North America	->Freight->Clean->North America
PA0011041	Freight clean Houston - Rio de Janeiro 38k	->Freight->Dirty->North America	->Freight->Clean->North America

Please note, 'Clean->North America' has been added to the Argus category tree

Legacy G-code data is unnaffected by these changes.

Questions should be sent to datahelp@argusmedia.com
