

Changes to Argus FMB Sulphur effective 6 June 2013

Argus is introducing the following assessments to the Argus FMB Sulphur report and data feed effective 6 June 2013. These will be made available within the **DSulphur** data module on the Argus FTP site in the **DATA/DSulphur** folder every Friday (or proceeding business day when a public holiday). The module includes the following code combinations of which have emigrated from the Argus FMB Fertilizer Freight report (The history for these series will be made available upon request via datahelp@argusmedia.com)
