

Changes to Argus Documentation files effective 5 March 2015

Two new fields are being added to the latestModules.csv file in the \DOCUMENTATION folder of <ftp.argusmedia.com> server.

The current fields are supplemented as follows with Local Time and Local Time Zone, the existing Time field will continue for now.

Module	Path	FileName	Description	Folder	Time	Local Time	Local Time Zone
--------	------	----------	-------------	--------	------	------------	-----------------
