Changes to Argus Freight effective 5 March 2015

The DFR1 file in the \DFRE folder of ftp.argusmedia.com server will be created 5 hours sooner than previously listed. This is to correct a legacy configuration error as this file should always have been created at this much earlier time.

Existing time

Module	Path	FileName	Description	Folder	Time
DFR1	DATA\DFR	dfr1	Argus Freight	\DFR	21:00:00 EST
