

Changes to Argus Freight effective 07 October 2015

To support a change in the methodology for Americas freight rates, the dfr1 module will be distributed at 6PM EST on ftp.argusmedia.com with effect from 07 October 2015. Additionally, all PA codes in the dfr2 csv will be published in the dfr1 csv file in order to provide a single source of data. The dfr2 csv file will continue to run in parallel to allow subscribers to reconfigure their systems but will then be stopped as of 07 December 2015.

The following series currently in the dfr2 file will be published in the dfr1 file with effect from 07 October:
