

**Changes to Argus LNG daily effective 16 June 2016**

Argus is adding the following codes to the Argus LNG daily data module effective 16 June 2016. The following PA code details will appear in the DLNGD module in the DLNGD folder on ftp.argusmedia.com.

Argus is adding a fourth half-month forward contract to the series below. The extra half-month contract will be added to the front of the curve as the second half-month forward. To accommodate, this means the current third half-month forward contract (2H July) will become the second half-month forward from 16 June and continue to be assessed until 30 June.
