

Changes to Argus Base Oils effective 23 September 2016

Argus is making changes to Argus Base Oils with effect from 23 September 2016. The following PA code details will appear in the DABOL module in the DBASEOILS folder on ftp.argusmedia.com.

Day timing is being introduced for US posted prices in order to capture the effective date of these postings. Codes with continuous forward 0 and 'prompt' timing are being stopped and replaced with continuous forward 1 and 'day' timing. Forward period and forward year in the data file will represent the effective date.

The following series have been stopped effective 16 September 2016:
