

Changes to Argus Asia-Pacific Products effective 17 October 2016

Argus is merging some codes in the Argus Asia-Pacific Products data module effective 17 October 2016. This will be done by stopping PA00008742 and adding the 1 and 2 pricetypes (outright values) to PA0003965. The two configurations will be run in parallel for a period of 2 weeks (until the 31 October 2016). Historical data for pricetypes 1 and 2 in the new configuration will be available upon request. The current and new configurations are noted below and will appear in the DSP module in the DAPPR folder on ftp.argusmedia.com.
