Argus is stopping the following code from the Argus Nitrogen data module effective 2 March 2017. The following PA code will no longer appear in the \DNitrogen folder on ftp.argusmedia.com. The data in this code from 11 Aug 2016 actually reflected the Baltic-Brazil route, not Black Sea to Brazil. Argus has created the new code PA0020209 (above) to move this data into. Once the new code starts, Argus will issue a data delete request to remove this incorrect mapped data from this code (PA0009784) from 11 Aug 2016 onwards.
