Changes to Argus European Products effective 22 March 2017

Argus is changing the following codes in the Argus European Products data module effective 22 March 2017. These have previously been provided with a "Diff Base Roll" of zero, meaning we were not indicating the month of the basis. From 22 March, we will be publishing these with a "Diff Base Roll" that clarifies the month of the Brent futures basis (e.g. 5 would represent a May basis). The following PA code details will appear in the DLP module in the DEURO folder on ftp.argusmedia.com.
