

UDPATED: Changes to Argus US Products effective 22 January 2018

Termination of swaps PA-codes PA0002785, PA0002798, PA0007806 and PA0007807 has been delayed until further notice. Data will continue to be published.

Argus is making changes to the Argus US Products data modules. The following changes apply to data published in the /DUSPR folder of ftp.argusmedia.com and delivered via the API.

File creation times for the dhps and dhp csv files on ftp.argusmedia.com will be brought forward as of 22 January 2018. Changes to file creation times will be as follows:

.csv file	Current time	New time
.dhps	17:00 CST	15:45 CST
.dhp	18:30 CST	17:00 CST

Additionally, a third .csv file will be introduced to the DUSPR folder with filename *yyyymmdddhpaux.csv*. This will be published at 18:30 CST and contain just the below emissions assessments which are currently produced in the *dhp.csv* file. From 22 January onwards, these will only be available in the *dhpaux.csv* file and not in the *dhp.csv* file.

The *dhpaux.csv* is being generated in the DUSPR folder ahead of 22 January in order for clients to adjust their systems to reference this file. Data will be available in both the *dhpaux* and *dhp* files until that date.
