

### Changes to Argus Forward Curves effective 05 July 2018

Argus has made changes to the configuration of midpoint valuation types for markets in Argus Natural Gas Forward Curves with effect from 05 July 2018.

For the midpoint valuation type of Natural gas North America basis data, the Product IDs were not in alignment with the equivalent records for the low/high valuation types in that market. The Product ID has now been adjusted to bring all valuation types into alignment.

Market ID	Market description	Valuation Type ID	Old Product ID	New Product ID
248	TGP Z4 200 line	3	10	11
324	Transco Z6 non-NY North	3	10	11
325	TGP Z4 300 line	3	11	10
323	ANR REX	3	11	10

Data for Natural gas North America fixed price Products (IDs 12 and 13) were not affected by this change.

Adjusted historical data is available on requested. Please contact DL - Datahelp for questions about this change.
