

Changes to Argus Crude Brent daily possibility curves effective 25 January 2021

Argus is adding Overbought/Oversold levels to Argus Brent Crude daily possibility curves data module. The following PA codes will appear in the PCBrentDaily module in the /PCBRENTDAILY folder on ftp.argusmedia.com effective 25 January 2021. Historical data from the Start date onwards is available upon request.

To accommodate those new series a new category has been introduced: ->Crude->Crude Possibility Curves->Overbought Oversold levels

PA-code	Time stamp	Price type	Continuous forward	Description	Differential basis	Start date	Unit	Category	Frequency
